22 CFR Ch. I (4-1-02 Edition)

rata share under § 19.2(s). A former spouse is entitled to an additional survivor annuity under § 19.10-5 provided death occurs on or after the effective date of a spousal agreement providing for the additional annuity.

(b) *Annuity for surviving spouse.* If a participant who has at least 19 months of civilian service credit toward retirement under the System, excluding extra service credited for unhealthful post duty in accordance with section 816 of the Act, dies before separation from the Service, and is survived by a spouse as defined in § 19.2(v) such survivor shall be entitled to an annuity equal to 55 percent of the annuity computed in accordance with § 19.10-1 less any annuity payable to a former spouse under paragraph a. If the participant had less than three years of creditable civilian service at the time of death, the survivor annuity is computed on the basis of the average salary for the entire period of such service. If, at time of death, the participant had less than 20 years of creditable service, the annuity shall be computed on the assumption that the participant has had 20 years of service, but such additional service credit shall in no case exceed the difference between the participant's age on the date of death and age 65. A spouse is entitled to an additional survivor annuity under § 19.10-5 provided death occurs on or after the effective date of a spousal agreement providing for the additional annuity.

(c) *Annuity for a child or children.* If a participant described in paragraph (b) of this section is survived by a child or children, each surviving child is entitled to an annuity as described in § 19.11-7.

(d) *Annuity changes.* Annuities based on a death in service are subject to the provisions of § 19.11-5 governing commencement, adjustment, termination and resumption of annuities.

§ 19.11-7 Annuity payable to surviving child or children.

(a) If a participant who has at least 18 months of civilian service credit under the System dies in service, or if an annuitant who was a former participant dies, annuities are payable to a surviving child or children, as defined in § 19.2(e) as follows:

(1) *When survived by spouse and child or children.* If a principal is survived by a wife or husband and by a child or children, in addition to any other annuity, there shall be paid to or on behalf of each child an annuity equal to the smallest of:

(i) \$900

(ii) \$2,700 divided by the number of children—adjusted under paragraph (b).

(2) *When survived by a child or children but no spouse.* If the principal is not survived by a wife or husband, but by a child or children, each surviving child shall be paid an annuity equal to the smallest of:

(i) \$1,080

(ii) \$3,240 divided by the number of children—adjusted under paragraph (b) of this section.

(b) *Adjusted rates.* In order to reflect cost-of-living increases, the amounts referred to in paragraphs (a)(1) and (2) are increased from the commencing date of the annuity to each child by the cumulative percentage of all cost-of-living increases that have occurred under 5 U.S.C. 8340 since October 31, 1969.

(c) *Recomputation of annuity for child or children.* If a surviving wife or husband dies or the annuity of a child is terminated, the annuities of any remaining children shall be recomputed and paid as though such spouse or child had not survived the participant. If the annuity to a surviving child who has not been receiving an annuity is initiated or resumed, the annuities of any other children shall be recomputed and paid from that date as though the annuities to all currently eligible children in the family were then being initiated.

A survivor entitled to both must elect which of the two benefits he/she prefers. Should all eligible survivors of a deceased employee
